

THE ASSOCIATES OF
W. M. KECK OBSERVATORY
On the summit of Mauna Kea, Island of Hawai'i

The W. M. Keck Observatory is one of the most ambitious scientific undertakings in history. Now recognized as the very best astronomy research facility in the world, the revolutionary twin 10-meter telescopes have profoundly advanced our understanding of the cosmos.

Made possible by the generous philanthropy of the W. M. Keck Foundation, the Observatory currently operates on support from public funding sources including the University of California, NASA and the National Science Foundation. And, with the ever increasing demands of technology for higher performance and new science capabilities, contributions from the private sector are critical to sustaining Keck's leadership as one of America's finest research institutions.

You are invited to join the **Associates of W. M. Keck Observatory** and become part of an exceptional group of individuals who are inspired to contribute to a **Legacy of Discovery** that will impact humanity for centuries to come. **Keck Observatory Associates** provide unrestricted financial contributions to guarantee the Observatory will reach its full potential. When you become a Keck Observatory Associate, your dollars go toward the **Director's Fund** and address the highest priorities of the Observatory, including enhancements to Keck's research tools and systems. With your support, Keck astronomers will continue to push the frontiers of exploration, revealing new inhabitable worlds, probing the mysteries of the Milky Way, and measuring distant galaxies and other cosmic phenomenon to further understand the nature of the Universe and our place in it.

Keck Observatory Associates Profile

Please complete front and back, sign, date, and return in envelope provided.

LEVEL OF SUPPORT:

- Planetary Associates Annual contribution of \$1,500
