Astronomer Andrea Ghez has been studying the Galactic Center from Hawaii since 1995. The U.S. surgeon general said on a phone call this week that he was unable to get through to the unemployment call center. The center launched Sept. 30, but we’ve received fewer complaints this week. Bill Kunstman, spokesman for the Department of Labor and Industrial Relations, said that Thursday’s 1300 calls were a high number. Wednesday’s 1000 calls were unable to get through. The call center’s number is 808-586-2275, 833-901-2275 and 808-762-5751, except on holidays. Calls are answered 7:45 a.m. to 4:30 p.m. weekdays, except state holidays. Please see KOKUA, B5.
